PROFESSIONAL SUMMARY

Frontend Website Developer with hands-on experience building responsive, high-performance websites and web applications using HTML5, CSS3, JavaScript (ES6+), React, and Bootstrap 5. Strong in component-based development, React hooks, API integration, mobile-first design, and cross-browser compatibility. Proven ability to translate UI designs into functional interfaces, optimize performance, and deploy applications across modern and traditional hosting environments.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React, Bootstrap 5

React: Functional Components, Hooks (useState, useEffect)

Web Development: Responsive Design, Mobile-First Design, API Integration (Fetch, Axios), Performance Optimization, SEO Basics, Accessibility Awareness

Tools & Deployment: Git, GitHub, VS Code, Browser DevTools, Vercel, Traditional Web Hosting

PROFESSIONAL EXPERIENCE

Code Instructor (Frontend / Website Development) — Ziffcode Technologies Limited (Sep 2024)

- Trained 30+ learners in website development using HTML, CSS, JavaScript, and React.
- Guided students in building responsive, real-world web projects.
- Conducted code reviews that improved code quality and performance by ~25%.
- Maintained a 95% positive feedback rating for clarity and mentorship.

Junior Frontend Developer — Ziffcode Technologies Limited - 2023

- Developed responsive websites and web applications using React and modern JavaScript, increasing user engagement by ~30%.
- Converted UI/UX designs into mobile-first, SEO-friendly interfaces with cross-browser compatibility.
- Optimized frontend performance through component refactoring, reducing page load time by up to 50%.
- Integrated API-driven data using fetch and Axios to support dynamic content rendering.
- Implemented interactive features using React hooks (useState, useEffect).
- Collaborated using Git/GitHub, delivering features on schedule.

PROJECTS

Live Demo <https://amala-ibadan-frontend.vercel.app/>

Amala Ibadan – Restaurant Website (React, JavaScript, HTML, CSS, Bootstrap 5) — Deployment: Vercel

- Built a responsive restaurant website using reusable React components.
- Managed dynamic UI behavior with React hooks.
- Applied mobile-first design for consistent experience across devices.
- Deployed and maintained the application using Vercel.

Live Demo <https://www.senideafoundation.org/>

Senidea Foundation – NGO Website (React, JavaScript, HTML, CSS) — Deployment: Traditional Web Hosting

- Developed a modern, responsive NGO website using React.
- Structured content with reusable components for scalability.
- Collaborated on deployment using standard web hosting environments.

EDUCATION

Frontend Development Bootcamp — Ziffcode Technologies 2023

- Graduated in the Top 5% of cohort
